

Press release: 12.656-247/21

**COVID-19 vaccinations: 84% of all employees of the Federal Ministry of the Interior are vaccinated**

**Vienna**, 2021-11-11 – More than four out of five employees of all divisions of the Federal Ministry of the Interior (84%) were fully vaccinated against COVID-19 by the end of October 2021. Fully vaccinated are those who either received all doses of vaccine required for immunisation, or who recovered from COVID-19 and received at least one dose. This is one of the results of an analysis by Statistics Austria on behalf of the Federal Ministry of the Interior, based on data of the National Vaccination Registry (reference date 31 October 2021), Register-based Labour Market Statistics and Register-based Census data.
