S: STATISTICS AUSTRIA, Register-based Labour Market Statistics 2018. Compiled on 03 August 2020. SW: Swapping. For data privacy protection reasons, the statistical disclosure control method of "Target Swapping" has been used on a part of the data. Therefore, in particular for cell values <= 5, no reliable assertions can be made. - 1) There is no information on full or part time jobs of self-employed. - 2) Applicable for maternity leave and parental leave, if the person has been employed before and this absence does not exceed a certain duration. - 3) Applicable for educational leave, family hospice leave, nursing care leave, military training of the Austrian Armed Forces and absence due to illness or rehabilitation, if the person has been employed before and this absence does not exceed a certain duration.
